

Siemens Healthineers Academy Admin

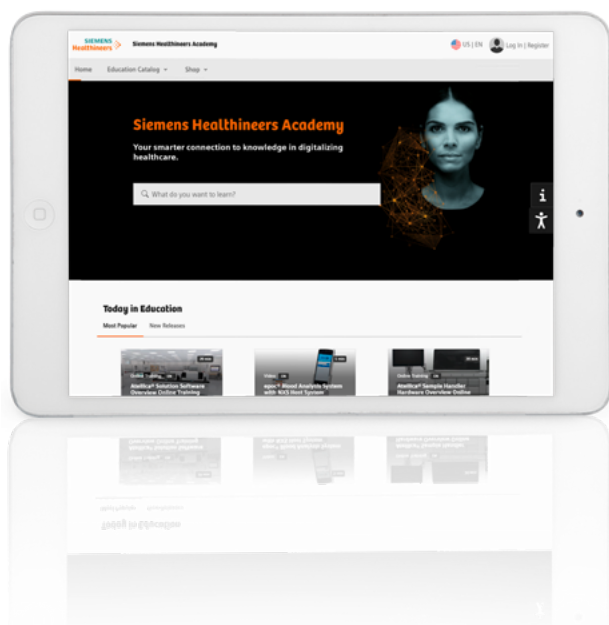

Your smarter connection to knowledge management in digitalizing healthcare

Healthcare professionals must stay abreast of the latest advances in technology and care. Only then can they deliver a high level of patient care – reducing the risk of medical errors and omissions. But how can you customize, track, and manage the education requirements of your institution's entire medical staff?

Optimize staff and compliance management with a subscription to the workforce education management and administration features of Siemens Healthineers Academy Admin¹.

- **Manage the education of entire teams or departments** through the creation of tailored learning plans, as well as group assignment and tracking functionalities, with a single solution
- **Personalize the education experience of individual employees** with customizable learning plans, combining education designed by Siemens Healthineers, your institution, and independent providers
- **Streamline audit preparation** with instant access to dashboards and comprehensive reports on the education status of your team or department

Manage your staff's competency and skills with Siemens Healthineers Academy Admin
