

# Vivid. Fast. Versatile.

## CT like you've never seen before.

Pioneering CT imaging has arrived at

Join us for an open house to see how the latest advancement in CT will enhance your patients' care.

Introducing NAEOTOM Alpha.Peak with Quantum Technology, the world's first photon-counting CT. Pushing beyond the boundaries of conventional imaging, this revolutionary scanner delivers ultra-high resolution images with unprecedented detail and clarity, empowering you to make confident, conclusive clinical decisions for the patients who need it most.

### IMPRESSIVE DETAIL

Ultra-high resolution images deliver enhanced visualization.

### EMPOWERED DECISIONS

Clarity and resolution unite with the power of Dual Source technology for confident decision making.

### DIAGNOSTIC CONSISTENCY

Standardized results promote diagnostic consistency across diverse patient populations.

### EXPANSIVE PATIENT CARE

Low-dose scanning supports frequent follow-up scans for the complex needs of pulmonary, cardiology, pediatric, and oncology patients.
