Quality control made effortless

As a leader in urinalysis, Siemens Healthineers strives to deliver quality solutions you can trust. Healthcare and laboratory professionals rely on Siemens Healthineers to ensure consistent, accurate results and help streamline operations. Building on that legacy of leadership and trust, Siemens Healthineers is proud to deliver the latest innovation in its urinalysis portfolio—introducing Chek-Stix® Liquid Quality Control solutions.

Key benefits:

Liquid-ready solution means less time prepping quality control solution and more time running patient samples.

Barcode-enabled for quick, accurate data input.

Supports our broad urine chemistry and sediment parameter menu.

Validated for use with all Siemens Healthineers urinalysis devices and reagents.

22 months' shelf life from manufacture date.

Chek-Stix Liquid Control comes in two configurations to meet each lab's unique needs
