

# MRI and PET are one.

Simultaneous MRI and PET  
scanning with a 3T magnet

Fast exams

More complete  
diagnostic picture

Lower radiation dose than  
some other imaging exams

## Biograph mMR

**Now showing at our OPEN HOUSE:  
PET and MRI scanning across the  
body in ONE exam.**

It's the first system to perform simultaneous, whole-body MRI and PET exams. Biograph mMR provides faster results and a more comprehensive image for you, and one exam and a more confident diagnosis for your patients.
