

A woman with short blonde hair, wearing a blue polo shirt and grey trousers, is sitting on the white table of a Siemens Biograph mMR PET/MRI scanner. The scanner is a large, white, circular machine with a large opening in the center. The Siemens logo is visible at the top left of the machine. The woman is looking towards the camera with a slight smile. The machine has a digital display showing '096' and some other information. The text 'Biograph mMR' is visible on the side of the machine.

Two Exams In One

Get faster MRI and PET exam results in one visit with Biograph mMR.

Has your doctor prescribed MRI and PET exams for you? Now there's no need to schedule multiple visits or move from one scanner to another. With Biograph mMR, you can have both scans at the same time – for more convenient exams, faster results, and lower total radiation exposure compared to some other imaging exams.

You'll welcome the convenience and your doctors will appreciate the greater diagnostic confidence that comes with Biograph mMR. Its precisely aligned images reveal a more comprehensive picture of the body's internal structure and cellular activity in just one scan.
