

Need a PET•CT exam?

Relax. We offer PET•CT in one fast, comfortable exam with Biograph **m**CT.

When your physicians need accurate information about your condition, Biograph **m**CT can provide answers.

Biograph mCT is an innovative imaging system designed to help improve diagnostic decision-making. So you can be confident your exam will be quick, painless, and performed with the lowest possible radiation exposure. You can be confident your physicians will receive highly detailed, high-quality images. And you can be confident the most accurate information will be available to help diagnose and treat your condition.

Ask your physician about Biograph mCT — for the confidence and confirmation you need for your health.
