

# Healthcare Intelligence

## (Decision Support Solutions and Soarian Quality Measures) SOS Seminar Agenda

### Goal

Provide a solution update, review key features of Soarian® Quality Measures (SQM) reporting, and lead customers into a better understanding of Advanced Analytics.

### Objectives

- Understand the components of and pathway to Healthcare Intelligence
- Gain a broader understanding of Soarian Quality Measures
- Improve your knowledge of Reporting Tools
- Learn about governance and the process to define deliverables using Healthcare Intelligence
- Gain valuable insight from Customer Success Stories

### Target Audience

Health Information Management, Quality Management, Decision Support, IT, Finance, and anyone else who supports Decision Support Solutions (DSS), or anyone interested in learning how DSS can be used throughout the enterprise.
