

Comfort for your patients. Confidence for you.

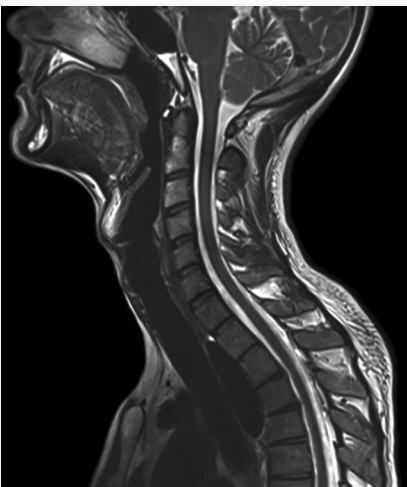

Introducing the 70cm Open Bore
3T MAGNETOM Skyra,
a new MRI now available at ABC Imaging

Boost your diagnostic confidence and provide better care for your patients

ABC Imaging Center is now offering a comfortable and technologically advanced MRI—the 3T MAGNETOM Skyra. Featuring a wide 70 cm **Open Bore** design and **faster scans**, the **stronger 3T magnet** delivers excellent images to help you make a more confident, accurate diagnosis.

It's a more relaxed, comfortable exam for your patient — with no diagnostic compromises for you!
