

# Introducing

## Our new, Open Bore 3T MAGNETOM Skyra

Uniquely powerful  
technology for each  
of your patients

## The new 3T MAGNETOM Skyra offers something for everyone:

- **Comfort:** The 70 cm Open Bore design can help your patients feel more relaxed. It accommodates larger patients—up to 550 lb/250 kg. And, the shorter magnet design means more head-out exams.
- **Speed:** Exclusive Tim 4G and Dot technology allow for faster exams and better patient positioning.
- **Confidence:** A stronger, 3T magnet delivers excellent images for a more confident, accurate diagnosis.

**Call ABC Imaging Center
