

Relax... now there's a more comfortable choice in MRI.

Ask your doctor about our new
1.5T MAGNETOM Aera today!

Our new MAGNETOM Aera MRI uses the latest technology to provide you with a faster and more comfortable MRI exam — and its **Open Bore design** helps prevent that “closed-in” feeling.

It's powerful magnet also provides high-quality images — so your doctor can have greater diagnostic confidence.

You feel more comfortable already... don't you?
