

Artis with PURE

Grow your procedural mix and standardize care with the flexibility of the PURE platform

In today's healthcare environment, quick, precise decisions must be made when treating complex vascular diseases. To help you make informed decisions, routinely perform difficult procedures, and achieve improved outcomes, Siemens Healthineers offer Artis with PURE®.

- Improve patient outcomes while experiencing best-in-class functionality.
- Increase efficiency and decrease costs with proven standardization.
- Leverage additional modalities through various image integration and interface technologies.

Routine and advanced interventional imaging is simple, efficient, and effective with PURE.
