## Siemens Healthineers and HORIBA Medical Enter into Agreement to Expand Laboratory Hematology Offerings

Siemens Healthineers announced today it has entered into a long-term agreement with HORIBA Medical. The companies will collaborate in bringing new and innovative hematology solutions to the market globally. With HORIBA Medical as the original equipment manufacturer to complement the Siemens Healthineers portfolio, the companies will provide customers with expanded options to fulfill their hematology and multidisciplinary solution needs.

“With our commercial strength and global installed base of customers combined with HORIBA Medical's innovative technologies, the relationship will expand the hematology solutions available to laboratories for diagnostics testing worldwide,” said Franz Walt, President, Laboratory Diagnostics, Siemens Healthineers.

Through this alliance, Siemens Healthineers will help laboratories transform care delivery by providing a complete multidisciplinary solutions for in vitro diagnostics testing.
