

## Expert class

# ACUSON Sequoia

## Ultrasound General Imaging | 1 Day

[siemens-healthineers.us](https://siemens-healthineers.us)

### Course Description

This one-day (8-hour) clinical applications-led interactive classroom includes didactic lectures and instructor-led practice on ACUSON Sequoia™ Ultrasound System. It will cover the fundamentals of image optimization, measurements, and workflow optimization for your routine clinical practice. Instructors will also share best practices.

### Course Objectives

At the end of this course, participants will be able to:

- Identify and use the features that enable you to optimize your images.
- Utilize and optimize major modes.
- Demonstrate text and routine measurements including the use of worksheets and reports.
- Apply workflow enhancements to streamline exams.

CEUs: 6.75

### Who Should Attend

This course is designed to offer you practical and clinical knowledge that will deepen your expertise in ultrasound.

### Prerequisites

Attendees should have completed their onsite installation training.

# Customer Registration

General imaging expert class | 1 Day

## Step-by-step customer workshop registration on PEPconnect

### Step 1

Go to: [pep.siemens-info.com/en-us/acuson-sequoia-expert-classroom-course-one-day](http://pep.siemens-info.com/en-us/acuson-sequoia-expert-classroom-course-one-day)

### Step 2

Choose desired workshop from **Upcoming Events**, and click the blue **Register** button.

Register

### Step 3

**First-time users**, select the white **Register** button located on the bottom right corner of the pop-up screen.

Register

**Existing users**, log-in with your email and password, then skip to step 6.

### Step 4

**To register for an account**, a pop-up window will appear. Enter all required information. Ensure that the email address entered can be easily accessible; a confirmation code will be sent to that address and will be required to complete the registration process.

Once all fields are complete, click the **Join Now** button.

Join Now

Your **System Identifier** sometimes referred to as, *Functional Location Number*, is the unique ID found on your Siemens Healthineers equipment.

System Identifier  
Number format:  
**400-#####**

### Step 5

**To confirm your account**, a pop-up window will appear. An email will be sent with a confirmation code.

Confirm

Copy and paste the confirmation code into the requested field to finish the registration process and to verify your account.

### Step 6

A pop-up window will appear. Enter all requested information into the fields, and select the blue **Continue** button.

### Step 7

Your status will change to **Requested**.

Status: Requested

### Step 8

Once your request has been approved, you will receive a confirmation email. If your facility has purchased a travel package, our travel department will contact you for your travel arrangements.

**We look forward to seeing you soon!**
