Dear <<Name of Referring Physician>>,

**We have great news for you and your patients!**

We have enhanced our MRI capabilities with innovative technology that better enables us to deliver precise, personalized exams for all of your patients.

Our new MAGNETOM® Lumina 3T wide bore scanner from Siemens Healthineers adapts to your patients' unique needs and initiates the optimal scan protocol to deliver the clinical information you need to accurately diagnose and treat them.

MAGNETOM Lumina offers BioMatrix technology, which benefits you and your patients by:

- Capturing patient-specific information to tailor the exam to the unique needs of your patient.
- Adapting to challenging anatomical regions, enabling robust and reproducible high-quality imaging for all of your patients.
- Simplifying exam set-up to improve the patient experience.

We strive to deliver the best care possible for your patients. Thank you for considering our facility, equipped with the MAGNETOM Lumina, for your MR imaging needs.

**For more information, please call <<000-000-0000>> or visit us at <<www.XXXXXXXXXXXXXX.com>>.**

Sincerely,
