

Get the information you need for your best health.

We're committed to providing you with the right high-quality clinical information that meets your individual needs. That's why we have a Symbia® Intevo SPECT/CT system from Siemens Healthineers.

With our SPECT/CT system, your doctors receive high-quality images that can reveal a more complete picture of your condition.

As a result, some types of follow-up imaging may not be necessary and, if needed, they may be able to identify an effective treatment for you sooner.

At <<facility name>>, we strive to provide the best possible care for our patients—and having a high-quality imaging system is an important part of that mission.
