

FlexEd

Get peace of mind with annual, flexible spending credits for the lifecycle of your equipment.

➤ siemens-healthineers.us/flexed

Changing clinical environments demand continuing education to optimize advanced system features, workflows and patient care. With FlexEd you get the education you need, when you need it most.

FlexEd addresses all of your needs, from installation of your new system through each year of your Siemens Healthineers service agreement.

Predict

your annual education spend year after year

Choose

a different education opportunity each year

Select

from a curated, modality-specific menu

Help ensure

your staff's unique and evolving needs are met

Be confident

you have the right education options

FlexEd customers use an annual flexible spending credit redeemable for clinical education-specific programs and services.

FlexEd customers can choose from a curated menu of options:

Online Customized Workshop

Choose topics most relevant for your staff

Virtual Classroom

Virtual classroom experience for anywhere access and flexibility

Live Remote Training

For new staff or those needing supplemental skills

Innovations Ticket

World class annual conference for managers or imaging professionals

Achieve outcomes that matter to healthcare providers:

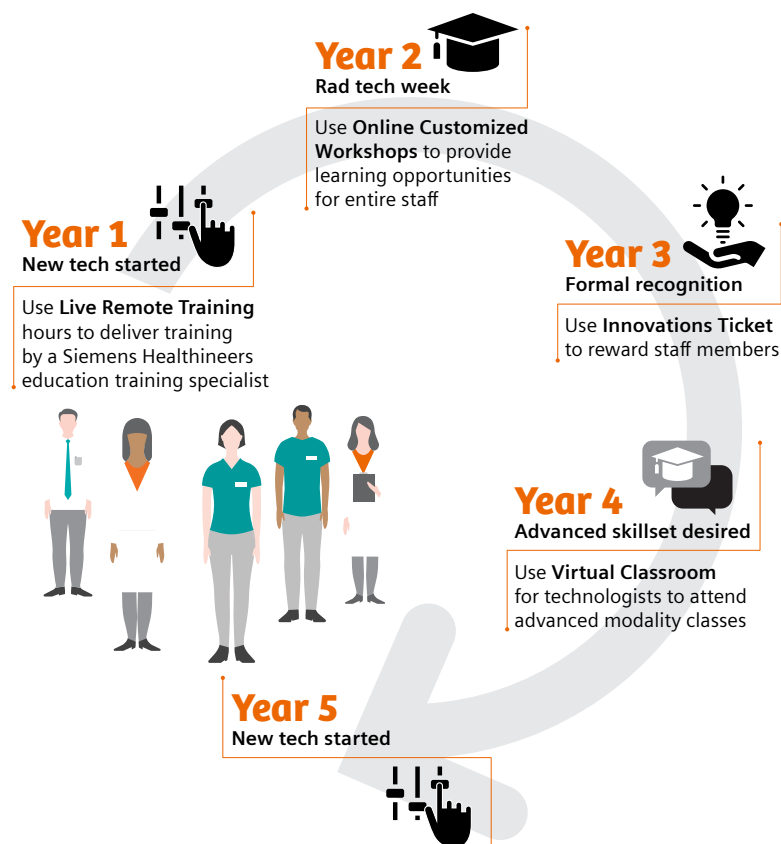

*"Love the flexibility the offering provides, especially since you don't always know when you will need additional support after the system is in place."*²

*"...this (program) opens the door to Innovations."*³

*"Will be a great 'insurance policy' once the follow-up hours are used because there is always a need that arises for which has not been budgeted."*⁴

A practical journey for a radiology department¹

For each year of your service contract, the department would select one clinical education service from the curated menu.
