

Next-generation PET/CT.

BIOGRAPH TRINION HAS ARRIVED AT

The Biograph Trinion™, the newest innovation in PET/CT imaging from Siemens Healthineers, is now available at

Discover the power of
next-generation PET/CT.

ADVANCED PET

Air-cooled, digital LSO detector for confident diagnostic decisions and improved small lesion detectability.

PROVEN CT

SOMATOM go.platform for optimized image quality, speed, and dose reduction.

EFFICIENT WORKFLOWS

AI-based features that automate steps for consistent, fast results.

ENHANCED PATIENT WELL-BEING

Streamlined, personalized scanning experience that creates a comfortable atmosphere.

IMPROVED PET/CT ACCESS

Sustainable investment with reduced costs through a compact footprint, energy-saving capabilities, and on-site scalability.
