

**More support
for your
patient needs**

**Meet our new
radiography and
fluoroscopy system**

We've added **LUMINOS Q.namix T**, a tableside radiography and fluoroscopy system designed for exams that benefit from close patient interaction. Ergonomic tableside controls and streamlined workflows help support efficient imaging while maintaining low radiation dose.

- Tableside, hands-on control
- Ideal for non-ambulatory patients
- Supports pediatric, GI, and complex exams
