Stay ahead with scheduled software updates

TechUp 18

Start each day confident that your ultrasound system will perform at its best and produce the consistent high image quality you expect.

TechUp 18 is our anti-obsolescence program that delivers software upgrades at least once every 18 months. It provides critical upgrades necessary to keep your system current and secure, unlocks access to our latest innovations, and helps you get more value from your investment over time.

TechUp 18 is currently available for the ACUSON Sequoia and ACUSON Origin ultrasound systems.

With TechUp 18, you get:

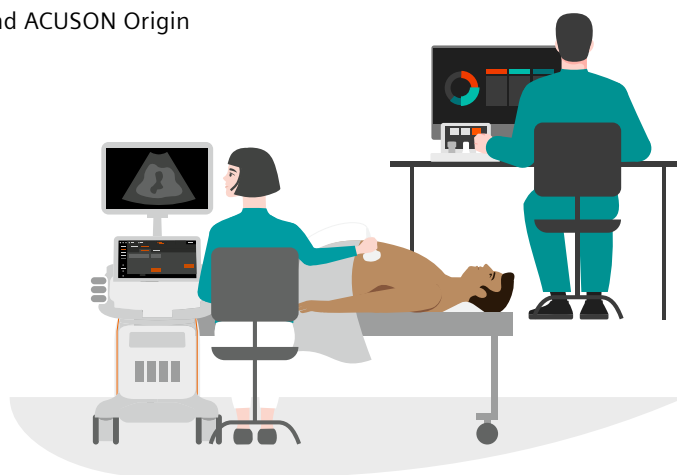

Multiple software upgrades during the life of your ACUSON Sequoia and ACUSON Origin service contract*

New release at least once every 18 months**, when available

Access to the latest enhancements of existing features

Protect your investment with scheduled software upgrades with TechUp 18. Contact your local Siemens Healthineers sales representative for more information.

* Dependent on the length of service contract and meeting eligibility requirements.

** Not all software releases will be included with TechUp 18. Available releases will be announced at least once every 18 months.
