PIONEERING CT IMAGING HAS ARRIVED AT

CT scanning just got more informative for you, and more powerful for your physician.

NAEOTOM Alpha.Peak with Quantum Technology, the world's first photon-counting CT, pushes beyond the boundaries of conventional scanning. This revolutionary technology generates images with a new level of detail, enabling your physician to make conclusive decisions and tailor treatment plans specifically to you.

Welcome to comprehensive imaging, for you and your physician.

Powerful, ultra-high resolution images are generated at a lower dose.

Clarity, speed, and power come together to deliver more information.

Personalized scans yield standardized results for diagnostic consistency.

Scan pulmonary, cardiology, pediatric, and oncology patients more frequently.
