

**Knowledge is power.
Seeing is understanding.
This is the new standard in CT.**

ENHANCED CT IMAGING HAS ARRIVED AT

Get ready for pioneering CT.

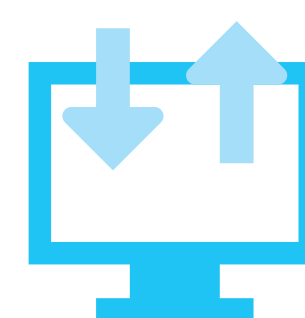

NAEO TOM Alpha.Peak with Quantum Technology, the world's first photon-counting CT, pushes beyond the boundaries of conventional imaging. In a single scan, this revolutionary technology quickly delivers detailed images that empower us to make confident, consistent decisions and personalize your treatment plan with precision at every step.

Powerful ultra-high resolution images reveal impressive detail.

Clarity, speed, and power come together to deliver more information in a single scan.

Personalized scans with standardized results promote diagnostic consistency.

Frequent scans at a lower dose support your pediatric, pulmonary, cardiology, and oncology needs.

Welcome to enhanced imaging, for you and your physician
